

THIS CERTIFIES THAT
Equites Park Lords View
TFG

HAS ACHIEVED AN
EDGE CERTIFICATE

CERTIFICATE NUMBER
GP2-ZAF-21091410119708

Exemplifying achievement in the
following areas:

21%
Energy Savings

23%
Water Savings

72%
**Less Embodied
Energy in Materials**

2838.55 tCO₂/year
Operational CO₂ Emissions

1,293.63 tCO₂/year
Operational CO₂ Savings

ENERGY MEASURES

Reduced Window-to-Wall Ratio
Efficient Interior Lighting
Solar Electricity Generation

WATER MEASURES

Efficient Water Closets
Water-efficient Urinals
Water-efficient Faucets in Bathrooms
Water-efficient Faucets in Kitchen

MATERIALS

Material-efficient Floor Slabs - In-Situ Reinforced Concrete Slab
Material-efficient Roof Slab - Re-Use of Existing Roof
Material-efficient Roof Slab - Steel (Zinc or Galvanised Iron) Sheets on Steel Rafters
Material-efficient Exterior Walls - Aluminium Profile Cladding
Material-efficient Exterior Walls - Re-Use of Existing Wall
Material-efficient Flooring - Re-Use of Existing Flooring
Material-efficient Flooring - Finished Concrete Floor
Material-efficient Window Frames - Aluminium

EDGE is a registered trademark of IFC. ©IFC 2023

The EDGE standard requires 20% efficiencies in energy, water and materials compared to a local benchmark. Predicted efficiencies are not a guarantee of future operational performance. Energy savings may be associated with virtual energy for comfort depending on the presence of heating and cooling systems. Virtual energy does not contribute savings to utility bills.

This certificate is issued by the Certifier based on information provided by the client and the audit by the Auditor, and is subject to the terms and conditions of the Certifier. Contact edge@ifc.org if the above measures are not consistent with your observation on the project.
